## \$5 REWARD.

Lost at the Fair on Tuesday, one black shepherd dog with some white on breast, neck and feet. Responds to the name Dick. Any one delivering him at my home, 12 miles west of Columbia, and 2 miles south of Gresham, on Russell creek, Green county. I will pay (\$5) five dollars. R. T. Dowdy. 42-2t

Mr. S. C. Pemberton, of Horse Cave, and Mr. Scott Isbell, of Bowling Green, the employed Judges at the Fair, are gentlemen of honor and high standing. Their decisions throughout the entire exhibition were entirely satisfactory to all exhibitors. In fact a Fair cannot be successfully conducted without employed Judges, men who have no interest in the stock, men who can not be influenced by friends—men whose purpose is to do the proper thing, and who do it. Messrs. Pemberton and Isbell are men of that character, and the association made no mistake in selecting them. Mr. Pemberton visits our Fair annually, and is somewhat acquainted with our people, but upon this visit he added many new friends to his list. Mr. Isbell never before attended a Fair here, but his gentlemanly deportment and correct decisions won for him a name and friends, and it is hoped that he will again visit Columbia.

There was a frightful accident in the show ring last Thursday afternoon. Mrs. Fayette Wilkinson, of Stanford, was in a buggy with Mr. W. L. Grady, the rig being for the finest turnout, everything considered. The horse became unmanageable, and Mr. Grady was thrown from the vehicle, Mrs. Wilkinson remaining until it was upset, falling underneath. The horse then jumped and kicked, tearing the buggy to pieces. Mrs. Wilkinson was only slightly hurt, but it was a miracle she was not killed. The premium was awarded Mr. Tim Carvens, who was accompanied by Miss Myrtle Myers.

## GREEN RIVER FARM FOR SALE.

This is your chance if you want a good home and profitable farm. W. L. RICKNEY, Purdy Ky. 26-4m

First-class repair work by experienced mechanics done on Engines, Boilers, and all machinery. Shop is being run by practical machinist—work done promptly. A. C. BUREY. 42-1m

Rev. R. B. Grider, pastor of the Methodist Church, Barksville, and Miss Parthena Walls Harvey, of Marrowbone, were married Wednesday of last week. The groom is a native of Russell county, a fine gentleman, and a son of Mr. W. C. Grider, who lives at East. The bride is one of the "best young women of Cumberland county. Soon after the ceremony the happy couple left for the home of the groom's parents where a reception was held, many friends being present.

## DEATHS.

An infant child of Mr. and Mrs. I. S. Flanagan, this place, last Friday night. Interment in city cemetery.

An infant child of Mr. and Mrs. Claud Hobson. Mrs. Hobson was in Campbellsville with her child when death came, last Friday night. To both sorrowing families we extend our sympathy.

Ben Millam of color, a well-known character about town, is now languishing in the county jail. A few days ago he entered Dr. J. N. Page's drug-store and called for a box of blacking. Mr. Tobe Hughes who was clerking for Dr. Page, stepped to the rear of the building to accommodate him. While getting the blacking, Tobe heard some money rattling, but did not see Ben at the cash drawer. In a short time after leaving Ben returned and handed Tobe a check that had been received at the store, stating that he could not use it. The circumstance were related to Dr. Page, who had Ben arrested and locked in jail. It is not known the amount of money he secured but he had \$2.65 in his pocket.

## FARM FOR SALE.

We are authorized to sell one of the finest farms in Adair county. 250 acres, is in the "limestone belt," good strong land, produces fine hay, corn, wheat, oats, and one of the best burley tobacco farms in the county. Is also a fine stock farm with eight or ten fine, never failing springs. Good 8 room house with fine elstern and well at door and cave spring with rock spring house close by. Four good barns, and three good cribs. This farm is located in one of the best neighborhoods of the county, close to school, church and post-office, and 5 miles West of Columbia. Call on or address, T. A. and M. M. MURRELL, Admrs., 41-1f. Columbia, Ky.

Tuesday, the 21st inst., was the 82nd birthday of "Uncle" Jimmie Grider one of Adair County's highly respected citizens. His many friends concluded to surprise him with a dinner, which was one of the best ever spread in his neighborhood, and which was very much enjoyed by the fifty-nine grown persons and a number of children who participated.

S. H. Mitchell sold his farm in this county last week to Allen Keltner for \$2,000. Possession will be given the first of December. Mr. Mitchell is undecided as to where he will locate, but he is certain that he will not remove to Elida.

Jo Coffey Jr., made four shows with Mr. William Dodd's handsome team of geldings, winning four blues. He also won first and third in the roadster ring, with Dodd's geldings. It was one of the hottest contested rings during the Fair.

Mr. Ohlenmacher, who returned to Columbia last week, has refurbished his studio, making the apartment very inviting. Quite a number have visited the studio, pronouncing every thing most tastefully arranged.

LOST—A small purse, in the shape of a shoe. It was first missed at the Fair grounds. It contained a small sum of change. The finder will please return the purse to this office, and keep the money.

In addition to the one hundred dollars reward offered by B. F. Tupman for the arrest and conviction of the assailant of Miss Lizzie Hancock. Gov. Beckham offers a reward of two hundred dollars.

The many friends of Col. E. Butler will be sorry to learn that he met with a stroke of paralysis last Saturday, affecting one whole side. He is in a very critical condition.

When we took charge the credit of the Commonwealth has never been improved. It is as good as the credit of the Federal Government in the markets of the country.

In February, 1900, we inherited from preceding administrations a bonded debt of the State amounting to \$1,069,635. We have since then paid off the bonds of Kentucky one of the four or five States of the Union which have no debt.

When Gov. McCreary went into office in 1893 the State had no bonded capital for its first year was \$1.50. When he left it in 1897 that per capita had fallen to \$1.25 in 1900 it was \$1.20. It was \$1.20 when he left it. It was \$1.20 during his administration that advanced the cause of education. In 1899 when we took charge it was \$2.45. It has since then risen to \$2.60. It is \$2.60, the highest in the history of our

Home for the blind and the deaf, and the aged, and the children, and the last days in peace and comfort. Children's Home Society, whose worthy purpose is to gather up from the streets and highways of the world the orphaned and provide homes and comfort for them, and the Kentucky property represented at the World's Fair in St. Louis two years ago. The exhibition of the property of the nations of the earth made exhibits of the property of the nations of the world made a most creditable showing and exhibited Kentucky who visited there had exhibited the property of the nation of the world in his Georgetown speech, Senator McClellan, who was the first of his administration, the first was his reduction of the tax on the property of the nation of the world to the State's credit. His second was his reduction of the tax on the property of the nation of the world during his administration, and his statement that the head of the nation of the world was the head of the nation of the world.

proportion was small, and in the few years since the General Assembly passed the law it has been replenished by the General Assembly. When I came into office there was no money left over from the appropriation which had been re-established upon a better basis by the General Assembly and we have now increased it to \$200,000 a year, and it is now doing under its present management more than twice as much towards the development of the material resources of the Commonwealth as it did when I first took office. It has also been maintained during his administration the Bureau of Agriculture and Forestry, and the Department of Fisheries has been under this administration that the appropriation has been increased to \$100,000 a year, and it is now doing more work, and made its work of some practical value.

We have also under this administration provided for the appropriation of nearly \$1,000,000 a year for the purpose of building and erect upon it a new State Capitol building, and the new State House recently. It will be a magnificent building of which every citizen may be justly proud.

All of these things have been done, all of them have been accomplished without improvements made without the increase of one cent in the tax rate, but rather

the Republican Administration. And yet Mr. McCreary and his allies charge that the "machine" was responsible for all these things, and that such a "machine" ought to be overthrown and driven out of the country. It is a curious thing, such a "machine" while he was governor from 1875 to 1879 he might have been a member of the "machine" while he was a bankrupt treasurer, a worthless bureau of Agriculture and a defunct State Bank. It is a curious thing that he had possessed such a "machine" his services in both houses of the Legislature, his position as a member of the board of patriotic usefulness upon the broad plains of National Statesmanship, his position as a member of the cabinet in the diplomatic and judicious disposal of garden seed and government property, and his position as a member of the Senate in the recent years that if this so-called "machine" had invited the versatile Senator

from savings from an apocryphal "hot ticket." He has recklessly made charges against the Democratic Administration, but which he knows to be false. He has been guilty of gross misquoting in his mis-statements of the facts and in their deliberate purpose to mislead the public. He has been an honest man could have made no regret the necessity of exposing him. In tearing the mask from his face, but he has done so in a manner that has done to the man who makes these serious charges. He has done so in a manner that has done to the man who is the ally of my opponent. He has done so in a manner that has done to the man who is the ally of my opponent. He has done so in a manner that has done to the man who is the ally of my opponent.

and to the board to attend its meeting and in its work. But it became evident that the board was not going to act promptly after he became Attorney General. He therefore called a meeting of the board on his own initiative, before upon them, and it was our unanimous opinion that his purpose was to get the board to take prompt action to be done, and make some political capital out of it.

We endeavored to secure his resignation, but he declined to do so. It was not possible to compel him to do so, and he was not in the habit of having written notices of his resignation, as is the custom of the services as a proof of law. In a few instances we succeeded in getting him to do so, but he was not in the habit of doing so, and our purpose was to appear before the board and make some statement of the facts, and to make the board so plain that he lost all his influence and the respect of his fellow members.

We took up the records and saw how the board had been treated by the Attorney General in discharging the duties of the board, and we decided the conduct of the Printing Board since he became a member of it, and we saw that he had been in it in his time there have been forty-

notice, and that he has only attended the last two meetings. He was vice president of the State, and why he did not attend these meetings and watched the proceedings, and he was elected and summoned to attend them, and he did not attend them, and he was, or sometimes would send an acting message to the board. He said that the acting message directed against this present board, and that he was not in favor of the charges against the preceding board during the last year. He said that he thought that a bill of \$2,000 for some of the registers and trustees' records was not to have been paid to the printer, and that the work should have been done by contractor for the first-class and not the second-class work. He said that this question came up before the board, and that he was not in favor of Gov. Bradley's administration had he been in the board. He said that the board referred the question to the attorney General, Hon. C. J. Pratt, and that he was not in favor of the action of the board, that it was wrong to do that. He said that he was not in favor of the action of the board, that it was wrong to do that. He said that he was not in favor of the action of the board, that it was wrong to do that.

of the fidelity of the charges made by him or by other such members of the Administration. The committee said in this regard:

The printing were let by the Printing Commission in strict conformity with the law, and the charges were actually let to the lowest bidder after due notice and opportunity for competition. We find that the work performed was of a central character, and that the contract was made in accordance with the law relative thereto, that the charges were made in accordance with the law relative to the public printing by the Government, and that the charges were not so unreasonably drawn, that it is possible to prevent the occurrence of such a case in the future. The fact that the principal defect in said law, following the amendment made in 1902, many years, is the bidding for said work at a maximum price of 10 per cent of the estimated cost of the work, and that said work is to be done by this method of bidding, is a defect in the law, and the rate per cent for some of the work, and the method of bidding, is a defect in the law, and it is to suffer considerable loss in doing large portions of said work, and realize the maximum price of 10 per cent, that in the bidding for said work, the

indefinite way, to apply the law of equal average, taking his chance on being as much of the profitable class as possible, and as little of the unprofitable as he may. Under the law as it stands, the printer is not bound to refuse, to administer it without injustice to the State or the public printer."

That report was adopted in the Senate by a vote of 24 to 4, three Republicans and one Democrat voting against it. It is a complete refutation of the charge made by the Attorney General and it is a shield for anyone who has doubts about the matter to read it. It was conclusively that the Printing Commissioners acting strictly within the law could not legally have refused to

[illegible]

that the Attorney General will not be able to give any satisfactory explanation of why it was that he did not vote for him in the selection of a regular fee paid to all architects in the District of Columbia.

It is considered that it is the mind of the Attorney General which conceives plans, directs the work, and controls the expenditure. It is like this, in all of its infinite details, and it is not possible to give a whole cost. It is the same fee paid to the U. S. Government for its public buildings.

It is useless to discuss this question further. The only real difference between the Attorney General and the Architect of the Capitol is that the latter complains about the cost of the Capitol, and the former does not.

At the last session of the General Assembly the architect and the other members of the Capitol Commission, in addition to the architect, made for the Capitol a report on the cost of the Capitol and the Attorney General knew it not true when he stated it, for it is a matter of fact that the architect of the Capitol, when I transmitted the report of the Capitol Commission to the Attorney General, shows that his statement was un-

ly labored to give to Kentucky at the hour of her distress, and to the Commonwealth. We have been startled by the manner in which he labored to the best of our abilities to get a credit to our people. We are not prepared to believe that every reason to believe "that its action will meet with the approval of the people" is a sufficient reason now take up the other charge. Every citizen of this Commonwealth must use, and it further in convincing the people that the reason for the action with facts, and his deliberate purpose to deceive.

The other charges about the payment of attorney's fees. It is a notorious fact that the State Government and the courts, that the State of Kentucky is paying the attorney's fees of more than half years, practically without a deduction. It is a notorious fact in our affairs. The public business has been so long delayed because of the unfortunate condition of the State, making this attack upon us and the attorney's fees, has been guilty of such practices, that he is not able to obtain money that he uses in this

political capital, he would be publicly contested, and sentenced to the penitentiary upon the charge of obtaining money under false pretenses.

Every speech he has made he says "The Auditor's report shows that between January 1, 1900, and December 31, 1903, there was paid to attorneys on my behalf \$123,665.52." He then reads the sum of \$123,665.52. "He then proceeds to assail me and my associates for the expenditure of so much money for this purpose, and he attempts to make me believe that I was responsible for all of it, and that we are now trying to do that business at such a rate. He then goes on to do a great deal of peddling to

See those agents, with a man named as the agent for the sale of the property, which show what juggling he used to get that amount for the sale of the property in the year 1890. He paid to Capt. Calhoun for the collection of the property, Government on the Civil War claims \$12,000.

The people are familiar with the history of this collection. It was made an issue for the Republicans in the campaign against me three years ago, and the Attorney General was then a nominee on the Democratic ticket, defended the payment of the fee, and collected the money. The collection of these old claims which was made in the year 1890, was a generation. It was shown in that campaign that Kentucky collected her share at a far less cost than that paid by the other states for the collection of similar claims.

Now when we deduct this \$12,000 paid Calhoun from his \$21,613.12 it leaves \$9,613.12, which he charges up against my first administration, and holds me accountable for. To get that much he paid his list against me with some contracts made with attorneys during the administration of Gov. Brown, Gov. Bradley and W. S. Taylor.

I have a copy of the same Auditor's report which he has, for it was published, and that list shows when and by whom each of these contracts was made, and the amount of it was contracted by W. S. Taylor when he was Attorney General. This man charges that against me, and says to each of the people that he paid the amount paid to attorneys by the man who was Attorney General, and that he was in fact contracted not only under Gov. with the burden of taxation much less than it was when we took charge in 1890. I speak of these things in the spirit of economy or parsimony. The credit is due to the people of Kentucky, the best, the bravest and the most patriotic on earth, who in all these days of darkness and gloom, and the most trying of our history, have stood by me and strengthened my arm in the performance of my duty. In the face of hostile and bitter criticism I have been able to look with an honest and unflinching eye, conscious of the rectitude of my purpose, and devoted to the welfare of my people. If I have made mistakes, I ask no indulgence, except that which every human being deserves from another. If I am a noble official I have been worthy of the good and generous people who have so honored and trusted me, and to their punishment be visited upon me.

I have a right to say to ask that the people of Kentucky look carefully and fairly into the charges of those who would defame me and the other members of the administration. Those who attack us have had no part or portion in the successes which we have accomplished, and justly resent all we have done.

My opponent and his candidate for Governor, the Standard-bearer of this campaign, would seek to destroy the reputation of the Democratic administration of Kentucky, which has stood like a rock amidst the shifting sands of Republicanism in the Nation in recent years. It is the only state which left the Republican party in the face of the Democratic presidential ticket. In 1890, when the Democratic party swept over the entire country, and Democratic votes fell off the Democratic ticket in Kentucky, we stood by the Democratic ticket and gave our support to the Democratic ticket. We were the only state which stood by the Democratic ticket in the face of the Republican ticket.

It is not the State went Republican by 1890. In 1890 it cast its vote for McKinley. But in the face of the Republican ticket, it stood by the Democratic ticket. ## \$25,000 HUNG UP FOR STATE FAIR.

Largest Prize List Ever Offered to Exhibitors.

Money Given By Several Breeding Associations.

Low Railroad Rates and Races Every Day.

Standard Breeds of Horses, Cattle, Sheep and Swine Provided for in Catalogue, Which May Be Had From Secretary J. B. Bowles.

The prize list for the Kentucky State Fair, which will be held at Louisville during the week of September 17-22, has been announced by Secretary J. B. Bowles. In premiums and purses amounting over \$25,000 will be distributed during the week, and the money for the fair will be given to the exhibitors of the horses and cattle. The owners of beef and dairy cattle will carry away with them \$2,000 at the close of the fair. For sheep \$1,000 has been hung up, and the same amount will go to the exhibitors of swine. For jacks and male stock \$200 in prizes is offered, while for poultry and pet stock the prize list runs to \$800. For field seed, horticulture, tulips, etc., \$2,500 has been hung up. A large number of silver cups has been offered by public spirited men for special classes. The National Hereford Association has given \$200 to be added to the prize money in the class for Herefords. The American Oxford Down Record Association has offered \$15 in special prizes for the best Oxford Down sheep. The American Shorthorn Breeders' Association has offered a cup worth \$100 for the finest horse registered with that association under two years of age. The American Short-horn Breeders' Association has added \$300.

Three Styles of Saddles. Three styles will be judged in the saddle and harness horse divisions. For the saddlers there will be three for the fashionable walk-trot-center type, the popular five-gaited horses of the Kentucky Southern saddle horse technically known as the plantation saddle and popularly called nodding walkers. The latter class are judged solely upon the two styles, the running walk and the center. The five-gaited horses will, of course, be judged equally upon five distinct styles, the running walk, the center and either the running walk, slow pace or fox trot.

In the harness horse rings there will be one for the one and a half heavy harness horses, one for the roadsters and one for light harness horses. This latter type is one that is shown only in Kentucky. The horses are not required to have either the excessive action of the high stepper or the great speed of the roadster.

Harness Horses. The light harness horses will be judged by their conformation, quality, manners, soundness, ground action and the manner in which they are shed and bitted. Docked horses are ineligible. The five-gaited classes of railroads must be decided in the American Saddle Horses Register. They will be judged by their soundness, conformation, manners and action. Horses under three years old will be shod in hand. Docked horses are ineligible. Roadsters will be judged by their speed, manners, conformation, soundness, durability, gait and style of going. Records and weights will not be considered, and weights and hoppers will be barred. The heavy harness horses will be judged by their all-around action, which must be true as well as high, manners, style, soundness and the manner of their shedding and bitting. All entries in this class must wear heavy harness and curb bit; tails must be either docked or tied up.

In the best cattle division prizes are offered for Shorthorns, Herefords, Aberdeen Angus and Polled Durhams. In this class a large number of rings have been reserved exclusively for Kentucky breeders. In dairy cattle the Jersey, Holstein and Ayrshire will be shown. In the sheep there will be Shropshires, Cotswolds, South Downs, American Merinos, Oxford Horns, Hampshire Downs. For the hogs there are places for Berkshires, Duroc Jerseys, Poland Chinas, Chester Whites, Tamworths, Yorkshires and Hampshire of this kind. There will also be classes for ponies, mules, jacks and Angora goats.

Daily Races. In addition to the rings there will be four races on the program each day, one for harness horses decided by a heat race in three laps, one for three running races. There will be one free-for-pade and one 2:10 trot during the week. The purses for the trotting and pacing races are \$500 each, and the purses for the running races are \$250 each.

The State Fair will be made attractive to visitors from every standpoint. There will be concerts, bands during the day and evening by bands of a national reputation.

The official program may be had on application to J. B. Bowles, Secretary Fourth and Main Streets, Louisville, Ky.

TAFT TO ENTER THE PRESIDENTIAL RACE

SECRETARY OF WAR WILL FORMALLY DECLINE SEAT ON SUPREME BENCH.

INDORSEMENT OF OHIO REPUBLICANS ASSURED

Repeated Declinations of Cannon to Become a Candidate Regarded as Significant, According to a Washington Dispatch.

Washington, Aug. 22.—William H. Taft, secretary of war, will formally communicate to the president in a short time that he does not desire the honor of an appointment to the supreme court bench. He will send notice in time for the president to make a selection before the fall term of the supreme court opens in October. His declination thus means that the Ohio Republican convention will probably endorse him for the presidency. It is believed Senator Foraker will be out of the presidential question by that time on account of his stand on the rate bill.

Mr. Taft's endorsement for the presidency by the Ohio Republican state convention is practically assured. Cannon's 25 statements temporarily residing here have given a call for a meeting Thursday night to organize to help along "Charles Jay" Cannon's candidacy. Cannon's statement that he would not be known as a candidate, the secretary's plan of action is considered most significant at this time.

## The Adair County News.

Published Every Wednesday

Adair County News Company.  
INCORPORATED.

CHAS. S. HARRIS - EDITOR

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second class mail matter.

WED., AUGUST 22, 1906.

For the satisfaction of our esteemed contemporary and friend, Mr. F. J. Campbell, the able editor of the Somerset Journal, we make the following statement: As we understand the word "machine" when applied to politics, it means a set or number of men united for the purpose of making finished political products—the modern method of advancing personal political fortune; a complete organization for controlling party action. In other words it means compact organization by politicians outside of the regular and legal party authority. It is unfortunate for any party or State to be under machine domination and we trust that Kentucky Democrats will never permit the acquisition of such power to be formed in this State. Organization is necessary but we do not indorse compacts and pooled interests strong enough to wield scepter of dictation by any combination of political adventures. We have not been opposed to the present Administration and no Democrat more thoroughly endorses the good accomplished than we do, but our endorsement need not be understood as "hero worship." The Journal says in its issue of the 24th, "Pray tell us, Mr. Harris, when Kentucky Democracy fought for anything that was not for the good of the party and the country; and when, in late years, the method of warfare was not fair and honorable, if not old fashion. Tell us also, who is to blame for the threatened drop to the low plane of Republican battles in Kentucky, the attacked or attackers?" We answer: Democracy in this State never lost any of its forces when engaged against the common enemy; no Democrat has ever deserted when in battle with the foe, and yet twenty years ago we had 60,000 majority. The principles of Democracy are unchanged, therefore it must be party policy, that has reduced that magnificent showing nearly to the borderland of doubt. Take the present trouble in the races for Senator and Governor and see how much they resemble a Republican scramble in the Eleventh. Who did it and for what purpose should be left for Democratic voters to decide, in November, but you press us for an answer and here is our opinion: There is no statesmanship, nor evidence of party patriotism on the part of Attorney General Hays in his criticism or charges against the present administration when facts do not warrant them. To our mind, the Governor, who has been so faithful to every trust and who has given good service to party and State

has likewise erred in his attempt to make the temperance question an issue between himself and honorable competitor. Senator McCreary is not opposed to temperance and is not allied with the whisky interests and the Governor's effort to make it so appear does not have the right ring to us. There is not a doubt that both men are for temperance and Sunday observance and it is unfortunate to capitalize the Governor's efforts to enforce law and use the same against Senator McCreary by placing him in league with a cause he has not espoused. This is not old fashion and not likely to produce old time results.

## THE FAIR.

The Fair which closed last Friday afternoon was one of the most successful ever held in this town. On Tuesday a splendid attendance, particularly the ladies, attested the appreciation of the people in general for the Fair and indicated that the attendance for the following days would be up to the expectations of those who stood to meet the expenses. Wednesday the rain kept many away and the receipts were discouraging compared to the second day of last year but the third day made all forget the loss of the second for full 5,000 people were on the inside to witness the many close and spirited contests in the ring, to indulge in social intercourse with friends and witness the fleet-footed thoroughbred come down the stretch—a mile in 1:38. Friday, like all closing days of former Fairs, was one of the most enjoyable, the crowd being neither too large nor too small for a most pleasant time.

To the credit of the high character of the people in Southern Kentucky and the faithful and efficient service of Sheriff Patterson and his excellent deputies the best of order prevailed, only two arrests necessary.

The Columbia Band furnished the music and while it is only a year old, yet it received many compliments for the sweet strains that delighted the large audience each day and tickled the pride of Columbians who are really and truly for the band. The truth is that we never heard of a criticism from any one but compliments from many, so in token of the Association's good will the Secretary presented a check for the amount agreed on and with this, "For music satisfactory to the Association and to the many thousands who heard and appreciated it."

So far as we are able to learn nearly every one who operated a business on the grounds did reasonably well. At this writing it is unknown just how much the Association will make but sufficient information to indicate that a reasonable dividend will be declared. From a social standpoint the Columbia Fair can not be excelled in the State and many ring shows are up to many of the larger towns. Throughout the entire Fair not a single accident of a serious nature occurred except the one elsewhere mentioned in this issue. Good will prevailed,

upright conduct was manifested, the Association well pleased and those who attended refreshed. Below we give the winners:

Mr. W. E. Hillis, one of Cumberland  
county's best citizens, was at our Fair  
and we have heard it hinted that his  
chief reason for attending, was to see  
what his two year old Peacock filly  
would do in good company. Well, those  
who believe that blue ribbons  
only, brought Mr. Hillis to the Colum-  
bia Fair, are not correctly informed.  
He was here to meet his many friends,  
and enjoy the Fair, as well as witness  
that beautiful young mare sweep the  
deck and graduate. She is only two  
years old, has been shown 12 times,  
and won 10 blues and two reds, a  
record that ought to make her owner  
proud.

HON. M. REY YARBERRY.

Above we give the picture of  
Mr. Yarberry, a leader in the re-  
cent Republican victory that  
means the return of the present  
Congressman to Washington.  
Mr. Yarberry was born and reared  
in this county and in the main  
has blazed out his own course.  
He enjoys a lucrative position in  
Washington and has developed  
remarkable political sagacity and  
popularity in his party in this  
district. As a speaker he stands  
in the front rank of his party; as  
an active worker and developer  
of winning plans he must be re-  
cognized as a leader, for the mag-  
nificent majority his candidate  
received attests his worth in the  
active field of politics.

Mr. E. A. Gullion, editor of the Hen-  
ry County Local, published at New  
Castle, has announced his candidacy for  
the Democratic nomination for Super-  
intendent of Public Instruction. Mr.  
Gullion is a newspaper man, well and  
favorably known over the State. He  
has been President of the Kentucky  
Press Association, and was Superin-  
tendent of the common schools of Car-  
roll county for sixteen years. He has  
been a member of Educational Boards,  
in fact, he has been an enthusiastic ed-  
ucator since he reached his majority.  
He is a gentleman of the strictest in-  
tegrity and is exceedingly popular  
wherever known.

In the Republican primary in this  
Congressional district, Edward's ma-  
jority over White, 8,384; over Herd,  
9,864. He carried the district over  
both his opponents about 2,500. Ed-  
wards has been awarded a certificate  
of his nomination. Mr. White it is  
said, will likely enjoin the Secretary of  
State from placing Mr. Edwards' name  
on the ballot, claiming that whiskey  
and money was used.

While gathering peaches last Mon-  
day, Mr. W. B. Rowe fell from a tree,  
breaking a collar bone.

## ELECT OHIO EDITOR G. A. R. COMMANDER

R. B. BROWN, OF ZANESVILLE,  
SUCCEEDS TANNER AS HEAD  
OF VETERANS.

Senior Vice Comes from Indiana,  
While Junior Hails from Michigan,  
with Archbishop Ireland Elected  
Chaplain-in-Chief.

Commander-in-Chief—R. B. Brown,  
Zanesville, O.  
Senior Vice Commander—William H.  
Armstrong, Indianapolis.  
Junior Vice Commander—E. B. Fenton,  
Detroit.  
Chaplain-in-Chief—Archbishop John  
Ireland, St. Paul.  
Surgeon General—W. H. Johnson, Lin-  
coln, Neb.

Minneapolis, Minn., Aug. 17.—The  
above officers were elected Thursday  
at the annual meeting of the Grand  
Army of the Republic.

The new commander-in-chief of the  
Grand Army, R. B. Brown, was born  
in 1848 and has always lived in Ohio.  
He enlisted in the Fifteenth Ohio In-  
fantry at the age of 16 years and  
served in the Fourteenth army corps  
in the Army of the Cumberland until  
he was promoted in 1864. He then  
re-enlisted as a veteran soldier and  
served as such until the end of the  
war. He was a private throughout the  
first three years of his service and  
then became a non-commissioned of-  
ficer. He has always been active and  
prominent in the work of the Grand  
Army. Mr. Brown is now editor of the  
Zanesville Courier.

Tanner Analyzes Bad Citizens.  
The report of Commander-in-Chief  
Tanner covered all features of the  
work during the last year. No men-  
tion was made of the canteen ques-  
tion, but recommended that it be  
made that the Grand Army enter a dignified  
protest against the erection of the  
Vista monument.

Commander Tanner declared the G.  
A. R. has attained "a position of com-  
manding influence, which has been  
beneficial, not only to our own com-  
rades, but to the nation which we  
served in the hour of its peril."

The commander bitterly arraigned  
those who, posing as the "most en-  
lightened men of the nation," had proven  
false to their trust in various ways,  
but declared that among all such the  
name of no civil war veteran could be  
found.

### Secretary's Report.

The total membership is declared in  
the report of Adj. Gen. Theodore to  
be 225,824, an increase of 5,548 dur-  
ing the year. The dues for 1906  
were \$2,005, or 2.90 per cent.  
In the preceding year the loss by  
death reached exactly the same per-  
centage.

The benefits from the per capita  
tax is declared important. The as-  
sessment is made that the tax be in-  
creased from three and one-half cents  
to four cents per annum.

### To Meet at Saratoga.

Minneapolis, Minn., Aug. 18.—The  
Grand Army of the Republic completed  
its fortieth encampment last Fri-  
day and adjourned to meet in Saratoga,  
N. Y., in 1907.

The encampment, after an exciting  
debate, decided that a protest against  
the erection of a statue to Henry Wirz  
should be sent to Gen. S. D. Lee, the  
commander of the Southern Veterans  
association.

The proposition to deprecate the ac-  
tion of congress in abolishing the can-  
teen from the Old Soldiers' homes was  
laid on the table without debate.

### SEVEN DROWNED ON SABBATH

People from All Walks of Life Meet  
Death in Waters.

Duluth, Minn., Aug. 20.—The water  
claimed five victims in the head of  
the lakes region Sunday. Frank Zier,  
aged 23, and his brother William,  
aged 21, went bathing a short distance  
east of Hibbing. They got beyond  
their depth and sank before help  
could reach them.

The 15-year-old son of Harry Thom,  
living seven miles north of Aitkin,  
was assisting his father in making a  
raft of logs when he slipped and fell  
into the water.

Hans Nelson, 16 years of age, of  
Superior, perished in St. Louis bay  
in the sight of a number of compan-  
ions who had warned him not to wade  
out beyond his depth.

W. B. Peck, of Duluth, was drowned  
at Solon Springs, Wis., in the presence  
of his two daughters, Dorothy, aged  
14, and Marjorie, aged ten, who were  
in a boat a few feet distant from  
where Mr. Peck had gone in bathing.

Minneapolis, Minn., Aug. 20.—Two  
men were drowned Sunday at Lake  
Minnetonka, both at different places  
and while in bathing. Ralph Stroie,  
22, lost his life at Salsburg Point.  
A man named Baker, went in bathing  
at Shady Island. Both victims were  
joined with cramps and sank before  
aid could reach them. They lived in  
Minneapolis.

### Death of a Pioneer Packer.

St. Paul, Minn., Aug. 18.—James T.  
McMillan, aged 70 years, a pioneer  
settler as well as a victim in the  
last packing industry of St. Paul,  
died at his home here early Friday,  
after a long illness from liver trouble.

## TRADE STILL ON UP GRADE NEW HIGH MARK MADE IN SOME LINE EACH WEEK.

Bright Outlook Is Enhanced by Abundant  
Crops, Demand for Steel and  
Plenty of Work for All.

New York, Aug. 18.—R. G. Dun &  
Co.'s Weekly Review of Trade, says:  
Abundant crops and an oversold  
steel industry engender sentiments of  
confidence that make the outlook  
bright for a continuance of present  
prosperous business conditions. Each  
week brings a new high water mark  
in some department and the net result  
is uniformly better than for the cor-  
responding week in any previous year.  
The weather has favored both crops  
and the distribution of merchandise,  
while the latter is increased by sea-  
sonable bargain sales. Despite un-  
precedented preparations for business  
by liberal purchase of rolling stock,  
the railways are facing a serious  
blockade that cannot be avoided when  
the crops begin to move freely. Earn-  
ings thus far reported for August  
were 11.7 per cent. larger than last  
year.

Some damage by storms was reported,  
but of local effect only, and a  
more significant factor was the fur-  
ther voluntary advance in wages at  
Liverpool, which has relieved the  
supply of labor, production being  
reduced in some cases where con-  
sumers are most urgent.

Fall dry goods jobbing trade broad-  
ens, clothing manufacturers make  
heavy shipments and the leading in-  
dustries are usually supplied with or-  
ders assuring active machinery well  
into next year.

July foreign commerce for the  
whole country far surpassed the same  
month in any previous year, especially  
as to imports, which were close to the  
largest in any previous month, and at  
this port alone for the last week there  
were gains of \$5,591,468 in imports  
and \$1,219,823 in exports as compared  
with the same week in 1905.

Failures this week numbered 176 in  
the United States, against 318 last  
year, and 16 in Canada, compared  
with 28 a year ago.

### DOWIE AND VOLIVA TO END WAR

Rumors of Compromise Fellow Con-  
ference at Shiloh House.

Chicago, Aug. 17.—Rumors are rife  
in Zion City. It is hinted on all sides  
that a visit made by Voliva to Dr.  
Dowie Thursday afternoon may have  
as its object the compromise of the  
warring interests in the city and their  
union for the benefit of the city's in-  
terests.

There was a secret conference be-  
tween Voliva and Dowie at Shiloh  
house, but neither of the parties to  
the meeting will discuss the matter.  
As a result of this reference the peo-  
ple not knowing where they stand,  
are distracted.

### LAUNCH BOOM FOR UNCLE JOE

Danville Convention Urges Nomina-  
tion for President.

Danville, Ill., Aug. 17.—Speaker  
Cannon's boom for the presidency was  
launched here Thursday when the  
speaker was renominated for congress  
by acclamation, while the Republican con-  
gressional convention of the Eight-  
eenth district.

In accepting the nomination for  
congress, Mr. Cannon made a long  
speech, which sounded a party slogan  
for the coming campaign. The  
speaker extolled the record of the Re-  
publican party and pointed to the ne-  
cessity of its continuance in office.

### Agriculture and Industrial Sections Loudly Call for Help.

Duluth Minn., Aug. 18.—Scarcity of  
labor is the cry all over the northwest  
from the head of the lakes to the  
western fields of the Dakotas, where the  
demand has reached a critical stage.

In many cases the farmers are offer-  
ing from \$2.50 to \$3 per day and board  
and have not more than 50 per cent.  
of the labor they require. The same  
conditions are experienced in all  
lines of industry, including the  
railroads, contractors and miners both  
on the range and in the copper country.

### BUFFALO TREASURER SET FREE

Charge of Grand Larceny in "Grave-  
yard" Scandal Does Not Hold.

Buffalo, N. Y., Aug. 17.—Fred O.  
Murray, collector of customs, and for-  
mer deputy county treasurer, was ac-  
quitted Thursday of the charge of grand  
larceny in connection with the  
"graveyard" scandal, by which the  
county was mulcted out of many thou-  
sands of dollars. When the state  
closed its case against Murray the  
court directed the jury to return  
verdict of not guilty on the ground  
that no evidence had been introduced  
to sustain the indictment.

### Another Chicago Bank Closed.

Chicago, Aug. 17.—As an echo of  
the crash of the Milwaukee Avenue  
State bank, the Grand Park bank  
closed its doors Thursday at noon. De-  
posits approximating \$100,000 indi-  
cate the extent of the failure to the  
community on the West Side.

## CONTROL OF STATE IS AIM ILLINOIS DEMOCRATS GATHER AT PEORIA FOR BATTLE.

Fight Between National Commit-  
tee Sullivan and Followers of  
Bryan Is Begun.

Peoria, Ill., Aug. 22.—The Democrat-  
ic state convention met at 12:30 Tues-  
day for the purpose of nominating  
candidates for state treasurer, state  
superintendent of public instruction  
and for three trustees of the Univer-  
sity of Illinois.

In reality, however, the convention  
was more of a fight for the control  
of the state party machinery between  
the faction headed by National Com-  
mitteeman Roger C. Sullivan, of Chi-  
cago, and the immediate followers of  
William J. Bryan, who, in successive  
letters, has asked the resignation of  
Sullivan from the national committee  
on the ground that it was improperly  
obtained two years ago. Sullivan has  
not only refused to resign, but he and  
his friends resent what they term the  
interference of Mr. Bryan in their  
state politics. Before the convention  
both sides predicted success. Sullivan  
is claiming that he controlled 1,400  
out of the 1,665 delegates and the Bryan  
people, who are headed by Judge  
Orest Thompson, of Jacksonville, and  
Congressman William T. Ralston, of  
Chicago, but asserting confidently  
that they controlled the situation.

They declared that unless the con-  
vention followed the wishes of Mr.  
Bryan and repudiated Sullivan, they  
would fight to the last against any  
indorsement of Bryan by the conven-  
tion. Sullivan declared, on the other  
hand, that Bryan would be indorsed,  
whether he liked it or not.

The indications at the opening of  
the convention were for a long and  
hard fight with a superabundance of  
heated oratory.

Chairman Roehenstein announced  
that the state central committee had  
selected as chairman of the conven-  
tion Judge Carroll C. Boggs, of Fair-  
field, and for secretary Edward Cahill,  
of Springfield.

### 1,000 COSSACKS IN MUTINY.

Rescue School Teachers from Police—  
Many Peasants Slain.

St. Petersburg, Aug. 22.—A serious  
mutiny on the part of Cossacks has  
broken out in the Astrakhan province.  
Several popular teachers were arrest-  
ed by the police and were being taken  
away when 1,000 Cossacks came to  
their assistance. The teachers were re-  
leased and the police disarmed.

Next the Cossacks arrested the local  
authorities, including the prefect, and  
they are all in jail guarded by the Cos-  
sacks.

"If you are so brave, why didn't you  
defeat the Japanese?" This taunt tossed  
at a fair held in Khar'kov province,  
was directly responsible for an attack  
made on troops of peasants in which  
57 of the latter were killed or in-  
jured. A number of soldiers arrested  
the fair and came into conflict with  
the peasants. The latter taunted the  
soldiers. The soldiers reported to  
their commander and he called in a  
company of soldiers and ordered them  
to charge the peasants.

An interview which Emperor Wil-  
liam has had with Count Witte, in  
which the latter announced his early  
return to Russia, has been published  
here and is attracting considerable at-  
tention. But Premier Stolypin is quoted  
as saying that he knew the temper  
of the authorities at Peterhof and that  
there was no vestige of a chance that  
Emperor Nicholas would again call  
Count Witte to power.

Warsaw, Poland, Aug. 22.—The chief  
of police of Siedlice, 55 miles south-  
east of Warsaw, was killed Tuesday  
by a bomb. Two constables and a  
woman who were near the chief were  
wounded. The assassin escaped.

### Rain Saves Potato Crop.

Superior, Wis., Aug. 22.—The se-  
rious drought which has threatened  
certain crops in Wisconsin, particu-  
larly the potato crop of the northern  
section of the state, was broken Tues-  
day by a drenching rain which fell  
throughout the night and Tuesday  
morning. Reports from the Vermilion  
and Mesaba ranges in Minnesota indi-  
cate that the rain there was bountiful  
and that it came none too soon. For  
est fires on the ranges are not entir-  
ly smothered, but the danger of a fore-  
cast conflagration is thought to have  
passed.

### Storm Damages Summer Resort.

Oakbrook, Wis., Aug. 22.—Oakbrook  
one of the largest summer resorts in  
this vicinity, was considerably dam-  
aged Monday evening by a miniature  
tornado, which accompanied a violent  
rainstorm, general in this section.  
The wind tossed rowboats upon the  
shore and damaged a number of ex-  
pensive docks along the beach, besides  
tearing down trees and damaging cot-  
tages.

### Wilson Inspects Packing Houses.

Omaha, Neb., Aug. 22.—Secretary of  
Agriculture Wilson arrived in South  
Omaha early Tuesday and visited all  
the packing houses. Secretary Wil-  
son did not make himself known, and  
after a brief inspection of the several  
plants left the town without giving  
out any information other than to in-  
dicate that everything was found to be  
in a satisfactory condition.

Nothing is more important to the

### A Healing Gospel.

The Rev. J. C. Warren, pastor of  
Sharon Baptist Church, Blair, Ga.,  
says of Electric Bitters: "It is a God-  
sent to mankind. It cured me of lame  
back, stiff joints, and complete phys-  
ical collapse. I was so weak I took me  
half an hour to walk a mile. Two bot-  
tles of electric bitters have made me  
so strong I have just walked three  
miles in 50 minutes and feel like walk-  
ing three more. It's made a new man  
of me." Greatest remedy for weak-

### PALACE OF JUSTICE AT VALPARAISO, CHILL.

The Palace of Justice was in the quarter that has been entirely destroyed. It lay under a hill, where tumbling buildings probably buried it.

### VALPARAISO LOSS EQUAL TO FRISCO

MUCH DISCREPANCY REGARDING  
LOSS OF LIFE IN AND  
ABOUT THE CITY.

Property Damage Is Placed at Quarter Billion, White Deaths Are Estimated at from 100 to 2,000, Exceeding Those of Coast Horror.

There continues confusion of statements as to the magnitude of the disaster to Valparaiso caused by the earthquake shocks which began on Thursday, August 16, and continued at frequent intervals throughout that and the next two days.

Dispatches from Valparaiso state that a moderate estimate of the fatalities is 2,000 and that the property loss may be as high as \$250,000,000, which latter is as great as the loss sustained by San Francisco in consequence of the earthquake and fire which devastated that city last April.

**Reports Are Exaggerated.**  
A refugee who has arrived at Santiago places the known dead at 100 and other messages indicate that the first reports of damage and casualties were greatly exaggerated.

Dispatches to the state department at Washington place the fatalities at about 500.

It is evident that confusion and panic prevail at Valparaiso and until order is restored it will be impossible to ascertain with accuracy the loss to life and property.

The dwellings in the city have been practically abandoned by the inhabitants who are existing as best they can in the plazas and streets of the city and the hills adjacent to it without shelter from storm or sun and with famine conditions.

**Food and Water Scarce.**  
Food is already scarce and high water for drinking purposes is lacking and diseases are feared.

The government is doing all it can to bring in relief.

The crippling of the railroads leading into Valparaiso constitutes a serious factor in the situation as for an indefinite period relief supplies can only be obtained through other means of transportation, the seaboard affording the best of these.

**Many Buildings Wrecked.**  
At Santiago many of the best public and private buildings were wrecked. The loss of life there was augmented by the panic which seized the people, many of whom threw themselves from the balconies of their homes.

The destructive force of the earthquake was experienced over a large extent of the country, many towns sustaining serious damage.

**Rivals Frisco Horror.**  
Proportionately the catastrophe at Valparaiso is considered greater than that which befell San Francisco—Valparaiso and neighboring towns are wrecked, and partially buried, and in all of the towns of the Aconcagua valley conditions are similar.

In the southern portion of Chile, severe shocks were felt at Talcahuano, Concepcion, Talca and Zane, but there the disaster was not appalling.

Quakes occur from time to time, but are usually diminishing in force.

**Dead and Wounded.**  
As to the dead and wounded, an accurate estimate is as yet impossible, but it is believed that the former will exceed 1,000 in Valparaiso and surrounding towns.

**Do Not Fear Famine.**  
Provisions and thousands of tons of flour, wheat and rice are held in stores at Valparaiso and about it; it is not believed a food famine will occur.

Martial law has ruled in Valparaiso since the first day of the shocks and the entire population is camping in the open.

Wisconsin Hotel Men Meet.  
Madison, Wis., Aug. 22.—The Hotel Men's association of Wisconsin began a three day's convention at the Park Hotel Tuesday morning. Nearly 100 delegates are present.

### GATHERING IS HARMONIOUS ILLINOIS REPUBLICANS MEET AT SPRINGFIELD.

State Selected by State Leaders—  
Convention Dominated by  
Governor Deneen.

Springfield, Ill., Aug. 22.—At noon Tuesday the Republican state convention met in harmonious session in the state arsenal. Roy O. West, chairman of the state committee, welcomed the guests, which brought the convention to order. There was not a discordant note in the cheering, in the organization convention or selection of the slate.

Gov. Deneen and Senator Cullom have formed a coalition, with the result that the choicest places fall to the friends of the governor.

Following is the slate selected by agreement among the leaders for nomination by the convention:

For state treasurer—John F. Smulski, of Cook.

For superintendent of public instruction—Francis G. Blair, of Coles.

For trustees of the state university—Alexander McLean, of McDonough; Mrs. Carrie Alexander, of St. Clair; L. L. Lehman, of Coles, and Fred L. Hatch, of Livingston.

State Senator Orville F. Berry, of Hancock, was chosen temporary chairman of the convention, and Speaker D. Shurtliff, of McHenry county, permanent chairman. Homer Galpin was the choice for secretary.

After calling the convention to order Chairman West asked for the reading of the official call. State Secretary John A. Wheeler began to read, but was interrupted by the usual motion to dispense with that formality.

Mr. West then introduced Senator Orville F. Berry, of Hancock, as temporary chairman, and he made the principal speech.

The resolutions include instructions for Senator Cullom and independent of "Uncle Joe" Cannon's presidential boom and the congressional record of Senator Hopkins and the other Republican members of the Washington delegation.

**THREE MEN ARE KILLED.**  
Gas Blow-Out at Pittsburg Furnace Fatal to Workers.

Pittsburg, Pa., Aug. 22.—Three men are dead, two are in a serious condition and nine others were rendered unconscious by a blow-out of accumulated gas early Tuesday morning at the Eliza Furnace of the Jones & Laughlins Steel company, at Soho, this city.

The dead: George Marsley, Andrew Marsley, Michael Boles.

The men were engaged in dumping ore and coke into the furnace from the top, when there was an explosion of accumulated gas. Flames shot up and enveloped Andrew Marsley in the deadly fumes and he fell over unconscious. His brother George went to his assistance, but, he, too, was overcome, and Michael Boles, who followed him, was also rendered insensible.

In spite of their realization that the same fate awaited them, each of the 11 men remaining attempted to succor those first stricken, and every one in his turn was overcome. By this time notice of the accident had reached the workmen below and the gas was shut off. The men were then rescued and taken to the company's emergency hospital. On the way the three named died.

The others were promptly resuscitated and all but two, John Marsley and George Oia, were able to go to their homes. Oia and Marsley were removed to the Mercy hospital in this city. Both are suffering from burn and their injuries may result fatally.

**Girl Found Murdered.**  
Raleigh, N. C., Aug. 22.—The 16-year-old daughter of George Waddell, a farmer near Fremont, Wayne county, this state, left home Sunday afternoon to visit Miss Holland, a half mile away. When she failed to return home search was instituted and the body was found in a ditch near her home. She had been strangled, and circumstances indicate that she had been assaulted. The case is being investigated by the local authorities, but no arrests have been made.

### ELIDA, NEW MEXICO.

#### Editor News:

Trusting that a few lines written from this part of the far West by one of the humble excursionists, may possibly interest some of your many readers.

On August 7th the crowd from old Adair, comprising Miss Susie Mourning, Messrs. Jim Naylor, Frank and Tom Waggener, Rufus Caldwell, Dr. W. T. B. F. and R. H. Grissom started for New Mexico and arrived at their destination on the 10th. We traversed some of the finest country where crops were looking splendid. The wheat crop is yet to be threshed, while the ground is being prepared for the next.

At Elida we found quite a colony of Kentuckians, especially from Adair, who had all filed claims on quarter sections joining each other, or in close proximity, for several miles.

Everyone is well satisfied and contented with his or her claim and the meager surroundings incident to frontier life. Should the people in general keep on developing this country of primitive nature, it shall most certainly come to the front sooner or later as a great agricultural country in every respect.

Messrs. M. A. and Leslie McClister, two fellows from Fairbury section of Adair county, claiming a splendid claim on section, have 120 acres in which are looking promising. Mr. Andrew McClister is acting as a locating agent.

Mrs. Bettie Burbridge and two sons, Dolphus and Alva, of Glensfork section, jointly possess three quarter sections of fine land. The boys plowed up a large acreage of the virgin sod last Spring, and then harrowed it, in which Indian corn, kafir corn, melons, etc., were put out and then no cultivation whatever was done to them, and they are looking fine, especially water-melons.

Land is being taken up at a rapid rate in this part. Every train brought daily a crowd of people from various parts of the union for the purpose.

Mr. E. C. Murrell, of Fairfield, Iowa, is here and has bought a relinquishment near Portalis. Mr. Jim Traylor, of Abbot, Texas, also came here and filed a relinquishment near Elida. Mr. R. M. Grissom, of Eddy, Oklahoma, was here looking after some property. Being well-pleased with this country, Messrs. Naylor, Waggener, Rich Grissom and Miss Mourning have each filed a claim on as fine land as can be found. B. F. G.

### ROW'S X ROADS.

There is so much rain the farmers can't break wheat ground.

There is much sickness here at this time.

Aunt 'Ibbie' Bailey and Frank Lawless' child were buried last Sunday.

Hays Coffey is worse this week than he ever has been.

The corn crop here never was so good as it is this year.

Brother Henderson and others have just closed a very successful meeting at the Bethel church, on Greasy creek. There were about 30 conversions.

#### Fell Dead.

A man fell dead in Chicago the other day from heart trouble, and thousands die every day in the same way. But the cause of nine out of ten of such cases of heart trouble is indigestion. The cure is Dr. Caldwell's (laxative) Syrup Pepsin. The explanation is that the swollen, inflamed and engorged stomach, presses right up against the heart and prevents it from working. Your heart flutters, palpitates, pains and you are short of breath: some lose it forever. Just try for these symptoms, a few doses of Dr. Caldwell's Syrup Pepsin, and see how quickly it will cure you. Sold by Dr. J. N. Page, of Columbia, and Page and Moore Cane Valley at 50c and \$1.00.
